Medical Record details

Complaints

Complaints

the patient came complaining of heavy irregular bleeding since the last 3 months

by abdominal ultrasound it shows enlarged uterus with thickened endometrium and a mass on the anterior uterine wall

by transvaginal ultrasound it gives a picture of intramural uterine fibroid reaching the endometrium measuring 3.5 cm x 4.2 cm

the patient was given COC the previous consultation which was effective in the orocess of bleeding control

the clinical picture reveal the need to repeat COC AT LEAST FOR AN EXTRA CYCLE FOR MORE BLEEDING CONTRIOL
